Mawsley Newsletter

From the Editor

As I sit here writing this editorial rain is pouring down outside, the first rain for many months and for all Mawsley gardeners a welcome sight. Brown grass, flagging shrubs and trees, and cracks in the football pitch highlight how dry the summer has been.

On the positive side, FunDay saw great weather and a very successful event, and the outside seating at the Centre has been well used throughout the summer as people enjoyed a refreshing drink.

The MVA ran a litter pick earlier in the year supported by many volunteers. 20 sacks of rubbish were collected and Mawsley was a lot cleaner. The next litter pick is organised for 11-00 Saturday 27th September - why not come along and do your bit.

I planned to run an article on Mawsley dogs as I meet many owners and dogs as I walk round the village. While I was collecting the photos a new veterinary surgery was announced to open shortly. Located next to the doctors, full details are in the Newsletter.

The Knit & Natter Group, who continue to decorate the postbox, designed themselves this month so I thought they deserved the front page.

As always there are articles from the active groups in Mawsley with contact details. All the groups are welcoming and would love to see new faces - don't be shy.

The next Newsletter will be in December ready for Christmas with a November closing date if you would like to contribute an article.

Till then take care and enjoy village life in Mawsley.

Website: churchesbmc.org

Facebook: [cransleymawsleychurch](https://www.facebook.com/cransleymawsleychurch)

Instagram: [bcm_benefice](https://www.instagram.com/bcm_benefice)

We would love to welcome you to Mawsley Church one week. We meet at TCAM on the 2nd and 4th Sunday of each month at 11am for about an hour. Most weeks there is also Sunday Club with activities for children. We are linked to Cransley and Broughton Churches, so there are services you can attend every week.

There are plenty of other events happening too – so to be added to our email or postal list, please contact Revd Nicki Hobbs by calling 01536 799522 or email bcmchurchoffice@gmail.com.

Finally, if you would like prayer, a listening ear, or would like to book a christening, wedding, or funeral, please get in touch.

Please join us for
Harvest Festival
28th September at 11am
The Centre at Mawsley

Donations of non-perishable food or toiletries for Kettering Foodbank would be gratefully received

We will remember them

When you go home, tell them of us and say
for their tomorrow we gave our today

Remembrance Sunday
9th November at 10.50am
at the Leonard Carrington Memorial
on the Green

Act of Remembrance
including two minutes silence
at 11am

All welcome

Mawsley Villagers Association (MVA)

Firstly, thank you to the Directors and Members of the MVA for their ongoing support.

So, what is the MVA up to?

Fireworks 2025: We are supporting our fantastic Fireworks Team, who are busy finalising their plans for this year's event; thank you to everyone in the Team for their amazing efforts.

The 8th November is the date for your diary. It is a wonderful display each year – so come and be awed and entertained and support your Village.

Village Litter Pick: The next Village Litter Pick will be at 11.00am on Saturday 27th September. Please come along and help to clean up our village. We meet at TCAM and provide bags, litter pickers and gloves, and assign volunteers to sections of Mawsley.

There will be refreshments available at TCAM to anyone who volunteers. *[Volunteers need to be aware they would litter picking under their own responsibility with no liability on Mawsley Villagers Association]*

Newsletter: the MVA continues to produce this Village Newsletter. Thanks to everyone involved, the user groups, contributors, advertisers, editor and delivery team, who all contribute to making this initiative a success.

Skate Mawsley Group: The MVA is continuing to support the great work of the Skate Mawsley Group and the enthusiastic young people involved.

More benches for Mawsley: the MVA has been approached about installing more benches in key areas of Mawsley e.g. along the eco meadow, and the path at the west of the Village. More benches would be seen as an amenity for everyone, but be especially beneficial for those with disabilities or recovering from ill health. This idea has been discussed with Mawsley Parish Council, local Councillors, our local Women's Institute, and a North Northamptonshire Council Official, as the owner of the eco meadow, and they are all supportive.

A project plan to progress this idea is now in place, of which the first stage will be a programme of consultation and fund raising.

Next MVA Meeting: The next quarterly MVA Meeting is at 7.15pm on Tuesday 21st October at TCAM - All Welcome. If you have ideas for village projects or just want to be involved, please come along.

Chair, MVA

chair@mawsleyvillage.co.uk

The **Mawsley Walk and Talk** group continues to meet weekly with walks round the village on alternate Mondays and Wednesdays at 10am. We have made the most of the beautiful weather to explore the green areas of the village - the sports field, the eco meadow and the spinney.

We have enjoyed seeing the care and hard work that people have put into their front gardens and we have dodged the encroaching brambles and cars parked on pavements. We have talked, to each other, to dog walkers, to friends we have met en route and we have set the world to right.

We have laughed and felt better for it, especially when we got back to TCAM and a welcome cup of coffee.

We don't walk far and we don't walk fast so why don't you join us? Details are on the TCAM notice board.

Pictures of members appreciating the clever work of the Knit and Natter group on the post box and enjoying a well earned drink.

Mawsley Skatepark

A HUGE Thank You!

We'd like to say a massive thank you to everyone who donated or lent us something for our stalls at the Mawsley Fun Day - whether it was crockery, chalkboards, tarps, props, your time, or anything else. We honestly couldn't have done it without you. We had such a brilliant team making it all happen!

We were blessed with amazing sunshine this year, and our stalls - Crock Smash and our first-ever Colour Run - were a huge success!

A big thank you as well to all of you lovely people who came down and joined in. We really hope you had as much fun as we did. 😊

Thanks also to Mawsley Centre for letting us be part of such a fantastic day.

Not only did we have loads of fun, but we're thrilled to have helped raise funds for the Mawsley Skate Park Project.

🌟🎉 We're delighted to announce we raised **£598.00!** 🎉🌟

And that's not all!! The amazing Sharon Howells has kindly match-funded our total - and then some! We're so incredibly grateful for her generous contribution, which gives our fundraising a huge boost.

If you couldn't make it but would still like to support the project, do your own fundraiser/donate, every little helps:

Mawsley Gardening Club

"Gardening for All"

We have enjoyed several guided garden tours so far this summer: at Springfields Festival Gardens at Spalding, the Green Patch Community Garden in Kettering and the University of Leicester Botanic Garden. Most recently we attended the Rutland Flower Show at the show ground in Oakham.

One of our annual favourites is our village garden walkabout and this year we spent a very hot afternoon in June visiting six Mawsley gardens belonging to our members and friends. The variety of styles and the amount of love and attention that goes into them is a joy to see.

Mawsley Fun Day was a big day for us. We know that villagers like to buy our homegrown plants and we were able to provide plenty this year despite the difficult growing conditions. We also sold preserves and decorative items and three lucky villagers won our 'allotment produce' raffle, the 'guess the weight of the fruit and veg hamper' and the 'name the duck' competition. (The duck was called 'Fluffy', by the way.)

If you have an interest in gardening or gardens we would love you to join us at any of our future meetings or outings. There is no membership fee. We pay £2.50 for meetings held at TCAM and the cost of outside visits varies depending on the venue. We keep travel costs down by car sharing.

Wed 24th September 3.30pm. This meeting will be at TCAM. We will have two presentations by members, one on establishing their new garden and the second about their experience of the recent Gardeners World Live show at the NEC. There will also be time for discussion of our garden problems and successes this year.

Thursday 23rd October. This will be a visit to Gates Garden Centre, near Oakham, which has a reputation for having the best Christmas display for miles. In their own words 'from understated to over the top, we have everything to help you prepare for the happiest time of the year'. We will car share for this trip and make time there for lunch.

Wed 19th November 2pm at TCAM. A talk by Ray Goodman of the Northants Beekeepers Association on beekeeping in this area. £2.50 meeting charge.

Wed 10th December 2pm at TCAM. Our Christmas social with quiz, games and refreshments. For more information please contact Steve on 07802 331088.

Mawsley Fireworks

This year's firework event is planned for

Saturday November 8th

We have already ordered some fantastic fireworks, so expect an amazing display!

Tickets will be on sale at The Centre, One Stop and Coffee@No9 from early October.

See TCAM Facebook page for further details

Mawsley WI Meetings 2025

We meet at The Village Centre Mawsley (TCAM) on the second Wednesday of each month from 7.30pm. Visitors 18yrs+ always welcome, £5 fee.

Next up ~

08 October ~ Natural soap making. Soaps handmade with love. Demo by Yvette Viner.

12 November ~ Watercolour painting. A Christmas Robin. All materials supplied. Booking required.

10 December ~ Stanwick Handbell Ringers – Xmas entertainment, plus come and have a go!

The above dates include changes to our published programme. Follow our Facebook page for the latest updates or our noticeboard within TCAM.

The Book Group

The Book Group is a small group which meets once a month, now on a Monday evening, at The Centre. At the meeting we discuss the chosen book which inevitably leads on to a wider discussion about related issues from the past and the present. We then choose which book to read for the following month, based on members' suggestions. We aim to find books that can be bought second hand or downloaded as an eBook for less than £5. There is a small charge of £2.50 to share the cost of room hire.

Our next meeting will be at **7.30pm on Monday 22nd September** at The Centre.

The book we will be discussing is '**Once Upon a River**' by **Diane Setterfield**.

Here's what some members have to say about this group.

'This has really got me back into reading.'

'It has introduced me to books that I would never have chosen but have enjoyed.'

'It's fascinating to hear how differently people react to the same story, depending on their own experiences.'

'I'm a keen reader and enjoy the chance of a friendly and sociable discussion about what I've read.'

You'll be made very welcome if you'd like to join us. Just turn up or contact Bernadette on 07546 844166. If you don't have time to read the book by 22nd there are plenty of summaries on the internet and you'd be welcome anyway.

Mawsley WI

Bystanders can be lifesavers → That means YOU!

Q: If someone was having a heart attack, would you know what to do or where the nearest defibrillator was located?

There are over 30,000 out of hospital cardiac arrests a year in the UK and sadly less than one in ten people survive. A cardiac arrest is caused by an electrical problem in the heart and can be caused by defects to the heart, such as coronary heart disease, a heart attack, or external factors.

Early *cardiopulmonary resuscitation* (CPR) and *defibrillating* can more than double a person's chances of survival and there is evidence to show response from a bystander can have a significant impact and is a crucial lifesaving skill. The Resuscitation Council states the chance of survival increases two or threefold when bystander CPR is used and provides immediate aid until professional help arrives, helping to maintain oxygen flow to the brain and other vital organs potentially preventing brain damage or death.

Women who go into cardiac arrest in public are less likely to receive CPR from bystanders than men, partly due to failure to diagnose their symptoms because they are female and worrying they will "inappropriately" touch a woman when giving CPR.

For us, as bystanders, to provide this vital first response – we need to be trained, both at recognising cardiac arrest and providing CPR. Nearly half of us in the UK (43%) have never learned CPR and cardiac arrest recognition remains a key priority as it is the first step in triggering the emergency response. Creating a CPR-trained society will save more lives, improve public health, and enhance community resilience during emergencies.

Defibrillation is also key. Did you know we have a defibrillator here in Mawsley? It is located at The Village Centre (TCAM) and its whereabouts and use is instructed by calling the emergency services. It has been used and helped to save lives in our Village.

It is World Restart a Heart Day on October 16th - make this village proud - learn CPR. The British Heart Foundation (BHF) offers a free online training tool that can teach CPR, and the correct steps of defibrillator use in just 15 minutes – use this link to access BHF advice, guidance and free training - <https://www.bhf.org.uk/how-you-can-help/how-to-save-a-life>. Other organisations providing training include St John's Ambulance and The Red Cross.

This topic is a national campaign for the Women's Institute. Nationally and locally the WI will be working to spread awareness of CPR training courses and the locations of defibrillators in their communities. Mawsley WI will be contributing to this campaign by holding a CPR training session

Why CPR Matters:

- **Increased Survival Chances:**
Especially when performed immediately.
- **Time-Sensitive:**
Every minute without CPR reduces the chances of survival by 10%.
- **Empowerment:**
CPR skill empowers individuals to act in emergencies and make a difference in someone's life.
- **Community Benefit:**
Create a safer environment for everyone, especially in homes, schools, and workplaces where cardiac arrests can occur.
- **Hands-Only CPR:**
In many situations, hands-only CPR (chest compressions only) is recommended, making it

1st Mawsley Scout Group

Who: 1st Mawsley Scout Group

What: Cubs and Scouts

Where: Meet in the Main Hall at TCAM

When: Tuesdays (term time) – Cubs 18.10-19.25 hrs, Scouts 19.30-20.45hrs

The Group started April's adventures by taking part in a Hammock Camp at Spotley Woods (just outside Yardley Hastings). Practising their core skills which included:- using knives and saws, fire lighting, preparing meals, cooking on open fires, washing up their own pots and cutlery, singing camp fire songs and putting hammocks up and taking them down (oh and of course - sleeping in them).

In May we held taster sessions for anyone interested in joining our Group. As a result we had a couple of new recruits but are still on the look out for additional adult support - you know where we are, do get in touch.

With the lighter evenings and the warmer weather the Group has been able to hold a lot of the sessions outside. Many evenings have been spent trying out different activities namely: cricket (training was led by Olli and Lou from Kettering Cricket Club); dodge ball (with it being so hot - wet sponges were used instead of balls, which was greatly appreciated by all taking part!); and relay races with buckets of water instead of batons.

Repetition of core skills means that no one forgets the basic skills, so evenings have been spent reiterating knotting techniques - we are all now masters of the reef knot! We also discussed healthy food choices and identified the amount of sugar content in common foods. We even reviewed survival strategies and gave ideas for finding drinking water.

The Group ended the summer activities, just as they had begun, by camping. This took place in tents at John's Lee Wood (in Leicester). Cubs and Scouts enjoyed climbing, abseiling, archery, laser tag, go-karts, demonstrated pioneering skills, and helped to cook outside on fires/using dutch ovens.

From making sundaes (because we can!), to playing unihoc, to learning about fire safety, hiking on the Brampton Valley way, hand and feet painting, completing assault courses, completing the elements for the Athletic badges - these are just some of the activities that we offer our Cubs and Scouts.

Coming up over the next few months the Group are hoping to take over Gravity (in Corby) and have a sleepover there in November. The Group will enjoy trampolining, and will have supper and breakfast there. Hopefully they might also get a small amount of sleep. We are also planning to visit the Black Country Living Museum in Birmingham (we are looking at hiring transport) and we will also try and get return visits for young persons to try kayaking and scuba diving.

If you have any children that wish to join our Group - Scout Troop (10½-14 years), or Cub Pack (8-10½ years of age), or if you have what it takes to be a Leader/Helper then drop an email to mawsleyscoutgroupenquiries@gmail.com.

Mawsley Girls Football

With the recent European Championship triumph by the England lionesses in late July, it inspires a whole generation of female footballers and promises an exciting future for the sport. But girls' football isn't a new phenomenon in Mawsley, so let's explore what makes the village so special in the realm of girl's grassroots football.

Whilst the village is barely 20 years old, its reputation for grassroots football supersedes its age, boasting 10 teams, 144 players and 25 coaches, and challenging for the most girls' teams in the county, trumping teams that have been established over a century longer such as Kettering Town. And it's not just about participation at Mawsley Football Club with girls' teams proving successful in the county and beyond with two Junior Premier League sides, and from the club's consistent success in league and cup competitions.

Due to the speed that girl's football has taken off in Mawsley and its relatively short existence, it hasn't yet produced a professional footballer like the boy's setup have. But there are an incredible number of girls playing both for the club currently along with academy set ups such as Northampton Town. Or girls that have left the club to go onto bigger and better things, with players, whose love for the sport, was created at Mawsley ending up at academies such as Cambridge United, Peterborough, MK Dons, Derby County and Watford.

Now with a strong foundation, and an ever-developing girls set up, fuelled by the lionesses and WSL superstars, it is proving to be an exciting time for the Mawsley youth girls' teams.

Mawsley Youth Football Club

After a fantastic 2024/25 season, many of our teams enjoyed great success throughout their tournaments, proudly representing the club while building strong friendships and having plenty of fun along the way.

This summer has brought its challenges, with the hot weather leaving the pitches cracked and the damage from moles making conditions even tougher. A huge thank you goes to John Gibbs and Chris Woolhouse, who kindly gave up a day to help move two tonnes of topsoil to ensure the pitches were playable again.

Looking ahead, we're excited for the new season. Our mixed U6s group is now in full swing – thank you to Paul and Dean for leading that – and our new Wildcats Centre is up and running, which we hope will encourage more girls to join Mawsley FC. A special thanks to James for getting the Wildcats off the ground and into the club.

As always, some players have moved on over the summer, and we wish them the very best for the future. At the same time, we're delighted to see our presence growing, with two girls' teams now in the JPL and a stronger footprint in the NDYAL. It's great to see our small village club spreading its wings and gaining recognition. Over the past 18 months I've been working hard to secure better training venues, and we're now close to achieving this – with around 90% of our teams training on excellent winter surfaces.

We're always looking for support to help drive the club forward. If you'd like to discuss sponsorship opportunities, please get in touch on 07834 276185. We're also fortunate to have a dedicated but small group of volunteers, and we'd love more people to get involved – whether as coaches or committee members.

Finally, I'd like to give a warm welcome to all new players and their families. Best of luck to every team for the 2025/26 season, and thank you to everyone who continues to contribute their time and effort to provide fantastic footballing experiences for over 300 children across the club.

Adam Knight Chairman

Team Spotlight

Mawsley Magic & Magic Yellows U9's spent the day at the heart of England national team training headquarters, St George's Park.

The boys received a surprise tour around the ground led by two of the Englands coaches, before having the chance to be trained by them at the training complex.

This was an incredible experience for all the Magic family who thoroughly enjoyed the day and impressed the England coaches with their hard work and ability to rise to the training challenges given to them.

Kettering Sports Park

Mawsley Youth FC played a major role in the recent opening of the brand new 3G pitch and refurbished pavilion at Kettering Sports Park on Tuesday 5th August.

The new facility has been part funded by the Lionesses Future Fund and will become a hub for community football with a particular focus on creating opportunities in girls and women's football.

As a partner club for the new venue and with a fantastic reputation for girls football, Mawsley were invited to attend. A group of our U13 girls did a ribbon run-through to formally open the pitch, and 3 of our teams also

took part in a number of showcase matches against other clubs. The Thundercats, Hornets & Jaguars all put on a display of fantastic football!

We look forward to seeing more of our Mawsley teams utilising the new facilities which include re-designed changing rooms and toilets, a function room and a café from September.

Wildcats

Did you know that we launched **Mawsley Wildcats** during the summer holidays and we're on the lookout for girls who want to have a go at playing football?

Wildcats is a fun way for girls aged 5-11 to start their journey in football. It's loads of fun and a great way to meet amazing new friends!

"My daughter had a fab time and can't wait for next week!" - Wildcats Mum

Going forward, our sessions will take place on Tuesday evenings 5-6pm at Kettering Sports Park, Thurston Drive, Kettering NN15 6PB starting on Tue 2nd Sept.

Use the QR Code to start your England Lioness journey and join in the fun for only £4 per session!

Mawsley Veterinary Surgery

The new veterinary surgery in Mawsley is due to open early-mid September.

Doors will be open from Sep 8th to welcome new clients as a meet and greet opportunity.

We will be providing a service for small animals, including small mammals and chickens. (No horse or farm animals).

The practice will be run by:

Veterinary Surgeon

Emily Mahaffey and,

Veterinary Nurse and Practice Director

Holly Park

and we hope to build our team as we get busy.

Opening hours will be Mon - Fri 9am-6pm and Sat 9-11am.

Please see Mawsleyvets.co.uk for further information and to register your pet.

Mawsley Dogs

As you walk around Mawsley you will meet many owners out walking their dogs. If you are like me you may recognise the dogs better than the owners. Everyone you meet is friendly and pleased to see you and that includes the owners. Some dogs take their owners for a walk, some chase balls around the meadow and some appear to travel in dogs prams!! Here a few of the dogs you may meet - stop to say hello, a rub behind the ears (dogs not owners) and you have just made a new friend.

ICONS OF THE GREAT BRITISH SEASIDE RESORT – BEACH HUTS

To the Victorians sea bathing became a must do leisure activity for those who lived near, or could afford to visit, the seaside. This craze spawned the idea of the wheeled bathing machines that were made to preserve the modesty of those wishing to bathe in public. The first bathing machines were used on the beach in Margate, Kent. Royal approval was given to this new fashion when King George III took a medicinal bathe at Weymouth to the musical accompaniment of ‘God Save the King’. Queen Victoria installed one at Osborne House on the Isle of Wight in the 1840s.

Early beach huts were former fishermen’s huts, boatsheds or converted bathing machines. Felixstowe in Suffolk is believed to have had beach huts from at least 1891. Bournemouth is regarded as the home of purpose municipal-built beach huts where 160 were built, in the style of bungalows, and erected either side of Bournemouth Pier in 1909.

The photograph of Bournemouth Beach Bungalows is from Bournemouth Beach Hut Association’s archives

During World War II all UK beaches were closed due to the fears of invasion by the Nazis. The re-opening of beaches in the late 1940s and early 1950s led to a resurgence of the British beaches and the heyday of the beach hut. During this renaissance the 5th Earl of Leicester gifted a beach hut to the Royal Family at Holkham, Norfolk. Our late Queen was known to have loved that hut, which was owned by the Royal Family for 70 years until it was destroyed by fire in 2006.

Another notable hut in Whitstable, Kent, was owned by the artist Tracey Emin who sold it to collector Charles Saatchi for £75,000. This hut experienced the same outcome as the Royal hut, having been destroyed by fire in 2006 when the warehouse where it was stored burned down.

Current estimates suggest there are now over 20,000 beach huts in the UK with some Local Authorities having long waiting lists for huts. Many huts are privately owned, those owners having to pay an annual licence fee to their Local Authority. For example, Tendring District Council currently charge an annual fee of £512.50 for their sites in Clacton on Sea.

The family shown relaxing outside their beach hut have owned it for over 40 years, have basic kitchen facilities. They have, however, no running water but nearby standpipes are provided as part of the local Council’s commitment to the coastal environment.

Beach Huts on Mersea Island, Essex

The appeal of the British seaside and that of the iconic beach hut was in danger of being eroded by the rise in package holidays to Mediterranean destinations. The economies of seaside towns and villages was also threatened by this sudden rush to holiday abroad. Many seaside resorts experienced decline, with some only just finding a route to reinvention today. Beach huts proved, however, to be remarkably resilient and rather than practical necessities became nostalgic luxuries. The 1990s saw the beginning of the modern beach hut boom. Rising property prices and increases in leisure time resulted in the once humble beach hut becoming almost a status symbol with prices rising from huts commanding a few hundred pounds in the 1970s to changing hands for tens of thousands in the 1990s.

Southwold, Suffolk is well known for its colourful beach huts all located near the iconic pier, that was opened in 1900

Crazy prices? In 2023 five wooden cabins on the same stretch of sand, on Mudeford Spit, Dorset, went on the market, all at the same time with a combined sale total of an amazing £2.1 million – 2 for £450,000 and three for £440,000, £430,00 and £395,000. No running water, mains electricity or toilets. Washing can take place in a communal block!

THE CENTRE AT MAWSLEY

BAR SUPERVISOR WANTED

We're looking for a people-person with energy, drive, and a love for hospitality. If you can keep customers happy, staff motivated, and the bar running smoothly, we want to hear from you.

What you'll do:

- Lead, train & motivate a small team
- Keep the bar stocked & well-presented
- Manage orders & deliveries
- Maintain top-quality beer & wine
- Enforce health & safety & licensing rules
- Handle challenges (yes—even the odd blocked sink!)

What you'll bring:

- Hospitality or bar experience (essential)
- Supervisory/management experience (preferred)
- Strong people skills & a can-do attitude
- Confidence in decision-making & problem-solving
- Flexibility to work evenings & weekends

Qualifications:

- Personal Licence Holder certificate (preferred – we'll support the right candidate to achieve this)

The role:

- Part-time, minimum 20 hrs per week
- Includes evenings & weekends
